

Quality and improved yield

ZEUTEC

 **made
in
Germany**

One **SpectraAnalyzer FOOD**
for all parameters!

FAST, EASY, ACCURATE & MODULAR

Designed as a modular system, the SpectraAnalyzer **FOOD** solution presents the analytical results of these major quality parameters within 45 seconds.

Application examples

- **Fruit/Vegetable pulp** - Moisture, total solids, acidity, °Brix, acetic acid
- **RTE** - Moisture, fat, protein, ash, starch
- **Honey** - Moisture, sucrose, total reducing sugars, fructose, glucose
- **Sauces** - Total dry matter, total soluble solids, acidity, total acids, pH
- **Syrups** - Total sugars, viscosity, refractive index
- **Chocolate** - Milk fat, cocoa butter, lactose, theobromine, viscosity
- **Edible oil** - FFA, Iodine value, RM value, unsaponifiable matter, peroxide value
- **Spices** - Moisture, fibre, essential oils, acidity, oleoresins
- **Tea / Coffee** - Moisture, sugar, fat, theanine, polyphenols, caffeine.
